CR 600N Paving project

The road project on County Road 600 hill has been delayed pending a decision of the Town Council. The shoulders of the roadbed are structurally deficient and the sub-base needs to be stabilized so the asphalt layer will last a few years instead of a few months. Fox Paving provided a quote for cement stabilization of the current project area, work to be completed by June 13.

Motion by James Miller to accept the quote for \$19,750.00, with second of Greg Jones.

Motion carried, 4 Aye, 0 Nay.

Fox Paving also provided a quote to widen the road shoulder and apply the cement stabilization process to the extra width.

Motion by James Miller to approve adding up to 2' shoulder width as necessary, for a cost not to exceed \$3500.00. Second of Greg Jones, motion carried. 4 Aye, 0 Nay.

Tipmont line relocation at River Bluffs

The lift station will be down all day June 8 for Tipmont to bury electric lines in that area. Huston Electric quoted to wire in a generator, which is far less costly than a vac truck for that many hours.

Motion by Mike Bird to accept Huston Electric quote of \$300.00, second of Greg Jones.

Motion carried. 4 Aye, 0 Nay.

Deputy wage increase

Jerry Burk requested an increase in the starting wage for part time deputies who are already certified officers and need less orientation/training.

Motion by Greg Jones to approve \$18.00 hourly rate for certified officers, second of James Miller.

Motion carried, 4 Aye, 0 Nay.

Motion to adjourn 7:23 p.m. by Steve Egly, second of James Miller.
